SUMMARY

Full Stack MERN Developer with expertise in building scalable web apps, optimizing performance (40% faster response times using Redis + MongoDB), and delivering end-to-end solutions. Experienced in real-time systems, eCommerce, and social platforms.

EXPERIENCE

TechnoNexis | MERN Stack Intern

Pune, India | Jul 2025 – Present

- Developed multi-role dashboards (Shop, Mall, Super Admin) and integrated frontend with backend.
- Developed a mall navigation system enabling brand selection, QR scanning, and real-time shop location display on mobile.

Bharti Soft Tech | MERN Stack Intern

Pune, India | Sep 2024 – Mar 2025

- Built Kavach, a real-time communication platform (MERN) with Redis caching, WebSockets, and Cloudinary.
 - Optimized MongoDB schemas/queries, cutting response times by 40%.
 - Developed secure RESTful APIs and responsive UIs with Node.js, Express, React, and Tailwind CSS.
-

TECHNICAL SKILLS

- Frontend:** React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap.
 - Backend:** Node.js, Express.js, RESTful APIs, WebSockets, Socket.io, Redis, Authentication & Authorization.
 - Database & Tools:** MongoDB, Mongoose, Git, GitHub, Cloudinary, Postman, VS Code, npm.
 - DevOps & Tools:** Docker, Git, GitHub, Postman, Cloudinary, npm, VS Code
-

PROJECTS

ShopNow – E-commerce Application | MERN Stack | 2024 |

Live Demo: shopnow.vercel.app | GitHub: <https://github.com/zademanish/Ecommerce-App>

- Developed a full-stack eCommerce platform with 40+ products, secure PayPal payments, and RESTful APIs (Node.js, Express, MongoDB).
- Designed a responsive React + Tailwind UI with product browsing, filtering, cart, and checkout features.

Vybe-Social Media Application | MERN Stack | 2024 |

Live Demo: [Vybe.render.app](https://vybe.render.app) | GitHub: <https://github.com/zademanish/Vybe-Social-Media>

- Developed a full-featured social platform with posts, likes, reels, comments, and user authentication.
 - Integrated media uploads with Cloudinary and real-time features using WebSockets.
 - Designed responsive UI with React.js & Tailwind CSS.
-

EDUCATION

Master of Computer Applications (MCA) – CGPA: 7.40

Suryadatta Institute of Business Management & Technology, Pune | 2022 – 2024
